## NEWSLETTER

### Will you still love me, will you take care of me, when I'm old and gray?

The July 21 issue of *Newsweek Magazine* had an article about "Animal Emotions" by Mary Carmichael with Jamie Reno and Hilary Shenfeld. It stated that scientists are now acknowledging that animals feel emotions, a fact that all animal lovers have known for years. After many years of unconditional love, devotion and loyalty, our pets deserve to be comfortable and cared for in their old age.

We have all seen the signs, maybe on the wall of an animal shelter, or maybe on someone's bumper. They say pretty much the same thing, "When you adopt a pet, you are making a commitment for the lifetime of that animal." In the excitement of taking home that cute puppy it is easy to forget that it will grow to adulthood and eventually become an old dog. Are you prepared to give the older dog the care that he needs to enjoy his "golden years?"

The following two articles may help you to understand how some people deal with the reality of the aging dog.

### Our First Dane

by Jean and Chuck Inwood

We adopted our first Dane, Kohl-R, from Harlequin Haven. Kohl had been adopted once before we acquired him, but he was returned because they said he snapped at their child. We decided that we would pick the dog that would be least likely to be adopted and give him a forever home; that was Kohl.

We were lucky enough to have Kohl for close to ten years. He was two years old when we adopted him. The last year of his life he became urinary incontinent, then eventually bowel incontinent. We were not ready to let him go so we had to find a way to help ourselves and him. Putting him down or surrendering him to Harlequin Haven was not an option for us.

Owning a Great Dane, at times, isn't for the faint of heart. There was no information to help us deal with this situation, so I will share with you what we did to extend our time with him and honor the commitment we make when we share our lives with a pet.

When Kohl became urinary incontinent, I purchased disposable baby diapers and trimmed the elastic that is around the leg area so that the diaper laid flat. I sewed

*(continued on page 2, column 1)*

several flannel wraps so that there was always a clean one available. The diaper would lay against him, then would be secured with the wrap around his abdomen and pinned on top with two child proof safety pins. He never tried to remove it.

When he became bowel incontinent, that was another matter. This was a dog that never had an accident in the house. He was never yelled at or scolded for these mishaps. It seemed to be enough punishment because of the humiliation he showed. The trick was to keep him on a schedule and relieving him after meals was the best option. We purchased a box of latex gloves, and would insert a finger rectally which would initiate a bowel movement. After we started this regime, he never had another accident in the house. We always felt he had a sense of relief—no more mad dashes to the door. This isn't a task most people would endeavor, but should be prepared to do if one wants to be a responsible pet owner. You see them through the good and the bad times.

Kohl collapsed one morning after his breakfast. We rushed him to the vet, but at this point there was heart involvement. We always gave him our best, but this was something we could not overcome. We finally had to let him go.

It is our hope that this information will help those who find themselves in a similar situation.

## What Happens When Your Dog Gets Old?

by Dale Bath

Every day the phone at a shelter or rescue rings and the caller has the same

### Doesn't He Deserve a Dignified Old Age?

problem. "My dog is having accidents in the house!" The dog is old and starting to lose control of its bowels, bladder or both, and the owner does not want their carpet ruined or to deal with the problem. For this reason, when you adopt or purchase a dog/puppy, you need to realize that some day that dog will get old. Do you realize that you may spend many hours cleaning up accidents from an old dog? Many people feel that once the puppy is house trained, the problem is gone forever. Well, it may not be!

Right now we have three Danes that were dumped because they got old and started having accidents in the house. Unfortunately this is a fact of life, even for old people. Why do you think they started manufacturing Depends®? If your parents were living with you and became incontinent, would you dump them, or would you seek help to enable you to deal with them? Not every dog, just as not every person, has this problem, but to dump the dog or have it killed because you do not want to deal with the problem is **not** the answer!

There are some drugs which may help. A change of diet for older dogs can make a world of difference. Many veterinarians recommend changing the older dogs to a prescription diet that is easier

on the body/organs. Science Diet® even makes a prescription food for dogs that are aging and getting senile. When all else fails, yes, disposable diapers work quite well.

Remember this is a family member who has devoted his life to you. Can you not devote a little time to him? Can you not give him the respect and dignity he has given to you? Remember some day this may be you!

**Donor** *n.* One who contributes, gives, or donates.

Please note that this brief definition does not mention what is given or how much.

Large or small, money or supplies, the Rescue is grateful for all gifts. Donations come in many forms. One child mowed lawns and ran errands for his neighbors and donated half his earnings. One couple had a yard sale and donated the proceeds. Someone else brought a case of Clorox®. Donna and Wayne Fanta thought of a unique gift. They donated shares of stock!

## Adoption List

As of August 24, 2003 we have placed 1002 dogs in adoptive homes. There are, however, 40 Great Danes, 7 Mixes, 19 Saint Bernards, 1 Toy Manchester Terrier, 1 Toy Rat Terrier, and 3 Chihuahuas waiting for suitable homes. Please help us to find good homes for these loving and deserving dogs. All are spayed or neutered, heartworm tested, on heartworm preventive, have received all shots except rabies, have received medical treatment as needed, and have been temperament tested. **A fenced yard is required to adopt a dog. Invisible or electric fences are not acceptable.**

**Adoption Fees:** Purebreds (6 months and under)-\$250, (under 4 years)-\$200, (4 years and up)-\$100. Mixes (under 6 months)-\$140, (6 months and up)-\$100. Receive a 5 lb. bag of Science Diet dog food with each adoption.

**New Adoption Procedures:** The Rescue is now accepting adoption applications by mail. To receive an application go to our website at [www.hhdane.com](http://www.hhdane.com) and click on the link to Adoption Procedures, send your name and address to HHGDSBR, 11567 St. Rt. 774, Bethel, OH 45106-8624, or call 937-379-2231.

**WISH LIST**

**Top of the List**

We just received a shocker! Cinergy has been estimating our bill; well this month they read the meter. The Rescue owes over \$1300 which must be paid by September 15. Right now our biggest wish is for money to help with that bill.

We are always in need of supplies to help take care of the dogs we have rescued. Donations are our only income. Our veterinary bills alone are staggering. We have no paid employees; everything is done by volunteers. All donations are appreciated. We are a non-profit organization, and all donations are **tax deductible!**

**OFFICE AND BUILDING**

- Office supplies such as printer paper, stamps, printer ink cartridges (HP 51645A & C6578A)
- Gift certificates for office supply stores (Nickerson's, Kinko's, Office Depot, etc.)
- File cabinets, and file folders
- Electric fans (box or other)
- Rugs/floor mats
- Duct tape, packing tape
- Stall rakes (aka apple pickers)
- Soft drinks or bottled water for volunteers

**DOG ITEMS**

- Money for vet bills.
- Blankets, sheets, rugs, stainless steel food bowls, dog beds, Futon mattresses, Futon frames, grooming supplies, dog toys and treats.

**Colossal Crates**

**CLEANING SUPPLIES OF ALL KINDS**

We especially need heavy duty mop buckets with wringers.

For a more complete list, check the web site link to "Wish List."

# Sponsorship

## Another Way of Giving

If you can't adopt a Great Dane or Saint Bernard, you can still help pay for the food, housing and medical expenses of one. Sponsoring a homeless dog is a great way to open your heart to one. You can sponsor a dog for yourself or as a gift or memorial to someone else.

You can sponsor a dog for one year by donating \$10 per month for a year or \$100 single donation. In return you will receive a certificate and your choice of an 8.5 x 11 letter and picture from your dog or a greeting card suitable for your type of sponsorship. We will also let you know when your dog as been adopted. Just fill out the sponsorship form and send it with your donation.

On the right is an example of the certificate you will receive. Below is one of the letters from the sponsored dog which accompanies the certificate.

### ALL DONATIONS ARE TAX DEDUCTIBLE

*Our breeder changed my 2 sisters and myself to another name when the cards got sent to because we had some typos and misspellings. Unfortunately our breeder did not give her name, apparently she was ashamed of her condition. We are almost 100% sure and want to be available for adoption! I can eat well!!! Thanks for being my sponsor!!! I got my someone today!!!*

Dale,  
FYI, aside from PetsMart at Easton and Mingle with the Mutts, the Logan County Animal Shelter asked me to help them this past weekend at PetsMart in Dublin. I took Keno, who always attracts a LOT of attention with that BIG heart of his, and had several inquiries about where to get danes. I told them I didn't know. JUST KIDDING! As always, Keno was a good advertiser for HH.

I just wanted to let everyone know that our Pet Supply Plus Awareness Day yesterday was a success! Even though it wasn't extremely busy, we had several people stop and ask questions about the dogs and the Rescue—a couple even donated some \$\$\$\$!! It was good to see Bernie and Tyson, Ed and Casey, Anita, Jasmine and the rest of her family <G>, and Sonja and Timmy the Saint. Hope to see more faces next time. Take care- D

## Rescue Day at Clark County Fair July 21, 2003

**Lori Rader with Keno  
and Devon Gullett with Harley**

**Siobhan Hicks with Izzy  
while Harley looks on**

This is the third year that HHGDSBR has been invited to participate in Rescue Day in the 4-H dog tent at the Clark County Fair in Springfield, OH. Lisa Stanley with Ohio Maltese Rescue organizes the event.

This year Siobhan Hicks with Izzy, Lori Rader with Keno, and Nancy Marconett with Harley were joined by Devon Gullett. Siobhan was a little apprehensive about bringing Izzy, but Izzy behaved beautifully. Of course Keno is always a goodwill ambassador for the Rescue. Harley (9 years old now) always attracts attention because he is so big and so white. All took turns walking their dogs around the fairgrounds and urging people to visit the 4-H dog tent.

## E-mail from Siobhan Hicks dated August 4, 2003

Hi Nancy,  
The talk in Felicity was for the Clermont public library summer program for kids. The kids brought their pets to be judge by the head librarian. They had everything from Guinea Pigs to Bantam Roosters to a young Saint Bernard. I was asked to talk about responsible pet ownership. Basically what I covered was necessary shots, rabies, licensing a dog, how to make the right choice of a pet, specifically dogs. I asked them questions and when they gave me a good answer, I gave them dog bones and a mini candy bar. Most of them didn't know there were so many animal rescues for pure bred dogs. I had kids from about two to teenagers there.  
Siobhan

## Mingle With the Mutts Franklin County Animal Shelter Columbus, OH - August 17, 2003

Mingle With the Mutts is held the third Sunday of every month. Jane Dickinson and her grandson, Bobby Condon, brought Homer; Nancy Marconett brought Billy Bob, a Toy Fox Terrier. Remember the Rescue also has some little dogs. Billy Bob believes in trying to keep the visitor there by holding onto her leg.

**Whenever you get the chance, please volunteer for the Events. Educating the public is one way of doing public service and promoting responsible dog ownership.**
