

# Harlequin Haven Great Dane and Saint Bernard Rescue

## NEWSLETTER

### The Real Meaning of Rescue

Harlequin Haven is a Rescue in the true meaning of the word. It does not take in only the good looking dogs that most people think of when they picture a Great Dane or Saint Bernard. The Rescue takes in dogs which need to be rescued from abusive and intolerable living conditions.

**Bebe's** story was in the last issue of the newsletter. Remember, she was the one who had to have a rear leg amputated. Today Bebe is a happy, well adjusted Dane.

**Donny** had to have hip surgery and follow up therapy. His plight prompted the construction of the hydrotherapy pool which will be useful in helping other dogs in the future. Even though he has improved, Donny still has a long way to go. He will require more visits to the orthopedic surgeon, more vet bills to be paid.

**Meeka** is a Dane-Mastiff mix who came to the Rescue and was soon adopted. Unfortunately after only a short while, she blew both cranial cruciate ligaments. Her family could not afford the cost of the surgery to correct this condition, so she came back to the Rescue. We could have said "We can't afford it, either," and just put her

out of her misery. We couldn't do that. Meeka has had her first surgery, and as soon as her doctor says she is ready, she will have the other knee repaired. By the way, Meeka will be using the hydrotherapy pool.

**Buddy** came to the Rescue when the Brown County Animal Control officers discovered him tied to a post with a plastic children's playhouse for shelter. However, his chain was so short that he couldn't even get into the playhouse.

This picture shows just how underweight Buddy was when he came to the Rescue. He also has deformed hind legs because he had HOD when he was a puppy.

Because he has been neglected and abused all his life, Buddy is terrified of everything and everybody, but with lots of food and TLC he is beginning to trust people. He will never become a handsome Dane, but with time and care he can become a very grateful and loving companion.

**Mick's** story is a little different. He came to us from Guernsey County where he had been picked up wandering the roads. The volunteer who drove there to transport him was surprised to see that he was not a purebred Dane, but she was so shocked at his condition, she brought him in anyway.

Mick was so emaciated that each rib and vertebra was clearly visible. Later, after several visits to the vet and tests and X-Rays, it was determined that he has advanced lung cancer.

Mick will live whatever time he has left in a comfortable home with plenty of love and attention showered on him.

### You Can Help

We are telling these stories to show the kind of work HHGDSBR is doing. This is just the tip of the iceberg. By the end of August we had spent over \$11,745 on vet bills. We still have unpaid veterinary expenses for spays, neuters, X-rays, lab tests and medications. Don't forget, there are more surgeries and treatments coming up for some of these dogs.

**Please open your heart and send a donation or a sponsorship donation. The dogs are depending on you!**

## Canine Infirmary Next Project

A used RV has been donated to the Rescue, and the plans are to convert it into an infirmary for the dogs. This will provide a separate space for dogs who need peace and quiet following surgery or are ill and need special treatment. It will also provide an isolation area so that there is less risk of exposing the healthy dogs to possible infection.

The RV will have to be stripped down to make room for equipment and medical supplies. Water, gas and electricity will have to be hooked up to it, and it will need to be air conditioned. Colossal crates and Kuranda Dog Beds will be needed. A ramp will have to be built to make it easier to move a dog on a litter in and out.

You got it! This will take money. Help us to make this dream a reality. Remember the dogs like Bebe, Donny, and Meeka so that we can do an even better job of rescuing Danes and Saints who need our help.

## Sponsorship Another Way to Help

If you can't adopt a Great Dane or Saint Bernard, you can still help pay for the food, housing and medical expenses of one. Sponsoring a homeless dog is a great way to open your heart to one. You can sponsor a dog for yourself or as a gift or memorial to someone else.

When you sponsor a Dane or Saint, you will receive a certificate and your choice of an 8.5 x 11 letter and picture from your dog or a greeting card suitable for your type of sponsorship. We will also let you know when your dog as been adopted.

Send your name, address and type of sponsorship you want to:

## I got adopted

**C**ongratulations! Keep in touch with us and let us know how things are going with your new family member. We love to get pictures and stories about our dogs. Knowing that we have placed a dog with a loving and caring family is what makes all the work worthwhile.

Be patient with your new dog while he is adjusting to a new environment and schedule. Put yourself in his place. How would you react if you were suddenly living in a different place with people that you just met?

If a problem does develop, no matter how small, please contact the Rescue. We have a network of people who have had many years of experience with Great Danes, and they are willing to share what they have learned. Remember it is easier to solve a small problem before it grows into a big one!

## A Reminder For Previous Adopters Since you adopted from the Rescue

Have you moved? Are you going to move? Have you changed veterinarians? Has your e-mail address changed? Have you been sending copies of your vet records when you take your dog for his yearly exam and shots, and purchase heartworm preventive?

You can e-mail addresses and vet changes to [info@hhdane.com](mailto:info@hhdane.com) or mail them to:

HHGDSBR  
11567 State Route 774  
Bethel, OH 45106-8634

Vet records and proof of heartworm preventive purchase should be mailed to the above address.

## Volunteering The True Spirit

Several weeks ago I sent an e-mail to a volunteer thanking her for helping at an Awareness event. I would like to share with you an excerpt from her reply.

“It is because of my Great Dane that I volunteer to do things when I can. She has brought to us the sweet nature and loving qualities of her breed, along with the love for us that is from herself. The bond we created was so quick to form, and is so strong. Because of our love for her, we want to give back to the place which allowed us to have her. And because of our new found love for this magnificent breed, I want to help find forever homes for all the Nicoles, and Donnys, and Storms, and Cindys of the rescue.”

How about you? Have you thought about volunteering, but the time was never right?

## The Miracle of Birth

“I want my children to see the miracle of birth, then we will have her spayed.” How many times have you heard someone say that?

The family picked out a breed of dog they thought was awesome. It looked so cute on TV! Who cared if it would fit into their life-style.

They watched the classified ads and finally found a litter of puppies advertised for sale. The breeder was contacted and arrangements were made to see the pups.

“Aren’t they cute!” the kids squealed. After some squabbling a puppy was picked out and bought.

(continued from page 5)

They named her Pansy after their favorite flower.

The new owners did everything right for the first few weeks. They took Pansy to the vet for all her shots, but when the vet asked if they wanted to make an appointment to have her spayed, they said, "No, we want her to have a litter so the kids can see the miracle of birth."

Pansy grew, and before they knew it, came into her first heat cycle. After a week of that mess, they put her outside. The neighborhood males, who were already on the alert, seized the opportunity. Surprise! Pansy was pregnant, but the family had no idea who the dad was! The kids were thrilled at first, but they soon lost interest. That's the way kids are. Mom and dad were not so thrilled. There went the money they thought they would get

by selling the puppies. Oh well, they would just have to make the best of it.

As the whelping date grew near, Pansy began to tear up the yard trying to make a nest for her pups. Soon she was chained and confined to a corner of the yard.

Things did not go well! One morning the family woke up to find that Pansy had presented them with only one pup, and she was bleeding and crying in pain. They rushed her to the vet, who gave them the bad news. Pansy needed a C-section or both she and the remaining pups would die. More expense! They finally decided to go ahead with the operation. They could pay the vet with the money they would make on her next litter—they would make sure those would be purebred. They had learned the hard way!

## Memorial Page on HHGDSBR Web Site

When a beloved pet dies, we experience a pain and grief that non-pet owners rarely understand.

The Rescue website now provides a way to place a permanent memorial on the *In Memory Of* page. Your tax deductible donation of \$25 or more will add a picture of your pet (dog, cat, bird, etc.) and a short text of 20 words or less to that page.

Photos and your personal memorial text may be e-mailed to [Memory@hhdane.com](mailto:Memory@hhdane.com). or they may be sent by regular mail. We will scan your picture for you. If you want the picture returned, send a self addressed stamped envelope.

Donations will be accepted through *PayPal* or by a personal check.

Pansy and her ten pups were brought home to their new living quarters—the garage. When mom and dad thought the pups were old enough, they put an ad in the newspaper. They were shocked! The phone did not ring off the hook in response to the ad. Meanwhile the pups were growing and tearing up the garage. In desperation they advertised "Free to Good Home."

Two pups found homes, but in the end, the "Good Home" was not even an issue. Pansy was already in her next heat cycle.

The remaining pups, which were no longer little, cute, and cuddly, went to the animal shelter. A week later the pups were shoved into the gas chamber to die.

**Spay or neuter your dogs. Too many unwanted puppies and dogs are being killed every day.**

## Are You Sure You Want a Puppy for Your Child?

Written by a Mature Dane

Why do you want a puppy for your child instead of me? Are you sure you want a puppy that can bite your children and chew up their toys? Heck, if that's what you want, I am sure I could manage to do that for you. Do you want a puppy to piddle and poop on the floor? I could probably do that, too. Oh, that's right! If I piddle or chew or bite, I am a BAD DOG! When a puppy does things like that, it is so cute. What happens when the puppy grows a little? Then do you dump the puppy just like my owners dumped me?

Why not get a dog that has already learned what you really want from a well-adjusted member of the family? Oh, I forgot! You want a puppy to grow up with your child. Who cares if it makes both the child and puppy miserable? After all, every child should have a puppy, right?

I have been at the Rescue for quite a while now, and I have heard the people say the same old thing. "I don't want a older dog that has issues. I want a puppy so I can train it to be MY dog."

Boy, do I have news for you! Even puppies have issues, but most of them are caused by people like you. People who are too blinded by the old saying that you cannot teach an old dog new tricks. I have leaned a lot of new tricks since I came to the Rescue. I have learned to be a loving companion and family member. I have learned to give and receive love unconditionally. What more do you want?

## Harlequin Haven Great Dane and Saint Bernard Rescue Mission Statement

To educate people about spay/neuter and the need for sterilization of all pets, proper health care of a pet, and nutritional requirements.

To promote humane principles, to protect homeless, abandoned and mistreated Great Danes, Saint Bernards, and other animals as space allows.

To work with animal shelters and humane societies to protect Great Danes and Saint Bernards.

To locate life long homes for the homeless Great Danes, Saint Bernards, and any other animal in our care.

## Hydrotherapy Pool

**With the help of his new life jacket, Donny learned to swim**

Last April Donny had an operation to correct a problem with his hip. When he went back to the vet for stitch removal and a check up, the doctor said that he needed hydrotherapy to force him to use the affected leg. Without this type of therapy, he would not regain full use of it.

After going over all the options and rejecting them as too expensive, it was decided to dig a pool at the Rescue. It would be a permanent fixture that could be used for any dog that would benefit from hydrotherapy in the future.

## Six Foot Privacy Fence

A much needed 6 ft. privacy fence has been built at the Rescue for the safety of the dogs when they are outside playing and getting exercise.

Thanks to the volunteers who have donated time and muscle to work on the fence.

**Measure twice, cut once!**

**Donations of money and equipment have been generous, but these projects are still not completely paid for.**

## EVENTS

### Bark Park

On June 19 volunteers from HHGDSBR participated in one of the largest events ever undertaken to raise money for the Rescue. Jane Dickinson arranged for the Rescue to have the opportunity to work one day at the Bark Park in the Columbus area.

### Crafts and Food Booth

The event lasted from 8:30 AM to 5:30 PM, and we had to have a minimum of 8 volunteers present at all times.

An appeal was posted on the Internet, and approximately 40 volunteers responded. Others, who could not come to work, made and donated food, and craft items for sale.

Thanks to all who worked, made food, dog treats, and craft items to sell, and especially to Jane and Lori who bore the brunt of organizing the event. Thanks also to Marcia Rhoades of Bark Park for giving the Rescue this opportunity.

### Finneytown Parade, 2004

Jeff and Betty Whittington organized this event on short notice, but there was a good turnout.

## PetsMart, Eastgate

Bernie Ball is organizing Awareness Days at PetsMart in Eastgate on the third Sunday of each month, and she needs volunteers to help. This is a good way for you to show off your dog and help to educate the public about rescue work. Come on out!

## Clark County Fair

Karen and Meredith Callinan, Lori Rader, and Nancy Marconett showed up for this one.

## Grooming Days at the Rescue

Grooming days present an opportunity to get to know the dogs at the Rescue, and the dogs love the extra attention. These grooming days are for the Rescue dogs, so please don't bring your dog.

## Van Cleve Elementary School Troy, Ohio - June, 2004

## Wow! All This Attention

The students at Van Cleve Elementary School in Troy raised about \$600 for the Rescue. For their reward, volunteers brought their dogs to meet the kids. Linda McGarry organized the event.

## SuperPetz - Toledo

Karen and Meredith Callinan are trying to start Awareness events in the Toledo area.

## HHGDSBR Picnic, 2004

## Mmmmm Yummm!

This year's picnic was held at Bernie Ball's dog day care center, Strictly Dogs. There was lots of good food for the people, and Frosty Paws treats for the dogs.
