FEATURED SANCTUARY DOG: ARI

A young couple with 3 small children and now a puppy with major health problems meant something had to go. Since my former owners could no longer provide the medical care that I needed, they decided the kindest thing to do was to bring me to the Rescue. They knew the Rescue had the experience, knowledge, and love to care for me, and that if anything could be done the Rescue would do their best to make it happen.

Within hours of arriving at the Rescue I had an appointment scheduled to see a specialist. The news from that neurosurgeon was not good. According to him, I was born with congenital and believed genetic skeletal deformities referred to as cervical spondylomyelopathy aka wobblers syndrome. The vertebrae in my neck are deformed. According to him it was the worst case he had ever seen. He was surprised I was still walking!

Unfortunately I am not a candidate for surgery. Although my birth defect cannot be fixed, the Rescue loves me enough to allow me to live out my life giving and receiving snuggles and kisses. Read my story at: <http://hhdane.org/sanctuary/ari.htm>

In addition to Ari, the Rescue houses other Sanctuary Dogs living out their lives in the safe environment of the Rescue (unadoptable for health, age, or other conditions).

BOCA IS A CANINE GOOD CITIZEN

Congratulations to BOCA for passing AKC's Canine Good Citizen test! In order to pass this test, BOCA was handled through 10 different test units, each demonstrating that BOCA is a CGC. He sailed through each and every test! And congratulations to his adopters, the Merino family, for committing to the Responsible Dog Owner's Pledge!

See Boca's success story at <http://hhdane.org/success/kitra.htm>

The 10 tests:

- accepting a friendly stranger
- sitting politely for petting
- appearance and grooming
- out for a walk (walking on a loose lead)
- walking through a crowd
- sit and down on command and staying in place
- coming when called
- reaction to another dog
- reaction to distraction
- supervised separation

ABOUT THE RESCUE

HHGDR has operated as a volunteer-run Rescue since 1992. It became a registered 501(c)3 nonprofit in 1998, and to date has placed more than 1,520 dogs in carefully screened forever homes. HHGDR serves Ohio, extreme northern Kentucky, and parts of eastern Indiana. Currently 13 Danes are available for adoption. In addition,

the Rescue houses Sanctuary Dogs living out their lives in the safe environment of the Rescue (the latter unadoptable for health, age, or other conditions). In 2013, HHGDR spent more than \$20,000 on vet bills alone. Contributions are always welcome and are tax-deductible. Contact the Rescue at info@hhdane.org.

GETTING A DOG FROM CRAIGSLIST: USE CAUTION!

I have heard Craigslist described as an adoption agency with no standards or oversight. Oh, so true!! So if you're going to get your next dog off Craigslist, be prepared to hire a dog trainer, have your vet on speed dial, and be willing to spend a lot of money, time, and energy!

When HHGDR was founded, the vast majority of the dogs coming into Rescue, not counting the strays from shelters, were from owners who had gotten them from pet stores, backyard breeders, and occasionally show breeders. In the past few years, however, most of the owner surrender calls are about dogs that people got from Craigslist.

Craigslist appeals to many prospective pet owners because the dogs are usually free or extremely cheap. The owners will many times meet you half way or even deliver. Best of all, there is no tedious application, no requirements, and no waiting period. Conditions very unlike adopting from HHGDR!

Typically within the first 48 hours of someone getting the dog from Craigslist, they are calling the Rescue wanting to dump the Dane! Most of these Danes have been in so many homes in a short period of time, that they now have severe behavioral issues that require weeks, months, or even years of dedicated, active behavior modification, plus, in some situations, lifetime management. They are not the gentle giants that people set out to get. You know, the ones in the pictures on the internet with the baby sleeping snuggling on them.

One thing that we as a Rescue can pretty much guarantee is that most people wanting to place their dogs are **not** truthful when surrendering. It is because of these lies that we have a 30-day minimum waiting period for all of our Danes prior to being placed up for adoption. This gives the Dane time to relax and become itself. The dog will then let its true personality show and we will know what to work on to ready the dog for adoption. As a Rescue, we are not in a hurry to place a dog. It is our responsibility to do our best to evaluate the dog and get the dog ready for his/her forever home. And we want that transition to their forever home to be with as much ease as possi-

ble. Of course, there is also a time period necessary for the dog to settle into its new home and adjust to the adopter's lifestyle. Unlike Craigslist, where the people never answer your calls again, **we, as a Rescue, are there for our adopters for the remainder of their dog's life!**

It saddens us at HHGDR to see so many Danes on Craigslist and talk to so many people wanting/needing to rehome the Dane they just got from Craigslist. It saddens us because we cannot take in every homeless Dane. With so many turning to breeders (you know, for that cute puppy) and of course Craigslist, the market is already overflowing with dogs needing homes. Additionally, we desire the best homes for our Danes, victims of today's society, where it is easy to get a dog and to dump the dog! Dogs have become disposable and Rescues have made it too easy to dump the dogs! The really sad part is that many of the people that we turn down for adoption run to Craigslist and get a Dane. Guess who the first place they call to dump the dog is! People need to stop thinking with their hearts when adding a new dog to the home. Think with your brains. Make sure you are ready to make a 10-15 year commitment before getting a new dog, no matter what the breed.

Here is some food for thought for those of you thinking of adding a new dog to your home: Many breeders are not in it for the right reasons. Many are in it just for the money. Most are not going to be there for you the next day, let alone 5 years down the road when you have a problem. County Animal Shelters, unfortunately, have too many dogs coming in to properly evaluate and to be there for support after adoptions, although they are a better than many other options. And of course, Craigslist!

On Craigslist, owners are seldom honest about why they are placing their dog. If it says, "...needs a home where someone is home all day," this probably means the dog has severe separation anxiety (destroys crates, eats furniture, jumps through windows etc.). The reality is that **no one** is able to be home with their dog 24-7. If it is says, "...no small children," it prob-

ADOPTABLE DANES

(Continued from page 3)

ably means the dog has bitten a small child. Now, in defense of the dog, the child probably was not supervised and the child teased or hurt the dog. Either way, just know that at some time you will be around small children either at the vet's or on a walk. If it says the dog is protective, it could mean problems with other dogs, territory, adult, child, food, toys. Be very careful!

Although we realize all dogs need a forever home, unless you are a dog trainer or experienced training dogs with behavioral problems consider adopting from a reputable Rescue.
